ASCUS

Association for School, College and University Staffing

March, 1980

Dear Colleagues:

ASCUS has a long and distinguished history in career planning and placement in the colleges and universities of this country. Founded in 1934, its membership has grown to include representatives of major institutions preparing professional personnel for positions in schools, colleges and universities as well as employing officials in school districts and other educational agencies. Three categories of membership exist in ASCUS - Institutional, Associate and Emeritus.

Contained in this Directory are the Institutional Members along with the names, addresses and telephone numbers of those individuals on college campuses responsible for career planning and placement operations. In addition, this Directory includes Associate Members who have responsibility for the recruitment and selection of personnel for school districts and professional organizations. Sharing common interests and concerns, the institutional and Associate members found in this Directory are working together to resolve mutual problems in the field of educational staffing.

Recently authorized by the Association is the category of Emeritus Member. We are happy to list those honored individuals for the first time this year. They have contributed greatly to ASCUS in the past. Their participation in the activities of the Association is encouraged at all times.

Working together -- Institutional, Associate and Emeritus Members -- we can achieve progress on common goals. I welcome your participation in all ASCUS activities.

Sincerely,

Frank Braun
